

GLOBAL ETP FLOWS

April 2024

Rates rise: fixed income (FI) flows rose to \$27.4B in April, as rates flows picked up and emerging market debt (EMD) turned positive for the first time this year. Commodity ETP flows flipped back into negative territory (-\$1.9B) due to persistent gold outflows.

Muted flows: \$68.5B was added to global ETPs in April, amid a broader slowdown in equity buying to \$40.7B from \$106.3B in March.

Europe and Japan in favour: European equity (\$8.2B) saw a third consecutive month of net buying, while Japanese equity (\$6.9B) recorded the largest monthly inflows since June 2023.

Rates pick back up

Flows into rates ETPs rose to the highest level since October, with \$10.1B added in April. The pickup in buying came across listing regions. Among EMEA-listed rates ETPs, buying was relatively evenly split between European and US exposures: \$1.1B went into US rates, while just over \$1.2B was added to eurozone rates. Gilts ETPs also notched up a second month of inflows, with \$0.3B added. Eurozone rates flows largely went towards intermediate-term rates (\$0.7B); while EMEA-listed US rates flows showed a similar bias towards intermediate-term exposures (\$0.5B), short-term flows were also positive (\$0.4B).

The entirety of US-listed rates flows went into US rates (\$5.3B), with short-term flows turning positive for the first time since October (\$2.4B), and intermediate-term rates making up the bulk of the remaining flows (\$1.7B).

Elsewhere in FI, EMD flows turned positive for the first time this year (\$2.7B). This was driven by an increase in US-listed EMD buying (\$1.2B), while EMEA-listed EMD notched up a third outflow month (-\$0.3B).

A spring cycle

Sector flows continued to show a cyclical bias in April: while tech flows picked up to \$2.4B and represented the single largest sector flow, financials flows rose to \$1.8B – the highest level since December – and industrials (\$1.0B) and energy flows (\$0.5B) also stayed positive. At the same time, health care flows stayed negative (-\$2.3B) for the second consecutive month, while materials flows flipped to negative with \$0.5B out.

Factor flows continued to show a quality bias, with a further \$3.3B added in April. Value flows also remained persistent, with \$1.1B added in April, slightly down from \$1.3B in March – with US-listed value inflows leading the way.

Rates reacceleration

Cumulative flows to IG and rates ETPs, October 2023–April 2024

Sector conviction increases

Monthly flows into sector ETPs, October 2023–April 2024

All figures in US Dollars unless stated otherwise. Source: Unless stated otherwise all data is sourced from BlackRock Global Business Intelligence and EPFR covering flows in the period 1-30 April 2024. **Past flows into global ETPs are not a guide to current or future flows and should not be the sole factor of consideration when selecting a product.** This material is not intended to be relied upon as a forecast, research or investment advice, and is not a recommendation to, offer or solicitation to buy or sell any financial instrument or product or to adopt any investment strategy. Investment in the products mentioned in this document may not be suitable for all investors. BlackRock has not considered the suitability of any product against your individual needs and risk tolerance.

Home bias – except in Japan

The global trend of declining US equity flows held true for EMEA-listed flows in April, with EMEA-listed US equity flows falling progressively MoM from \$7.8B in January to \$1.3B in April. At the same time, European equity flows have stabilised, with three consecutive months of inflows (with a cumulative \$8.2B added from February to April). EMEA-listed flows into US equities continued to favour large caps.

European equity inflows spanned EMEA and US listing regions, but with more domestic buying: \$2.2B went into EMEA-listed European equity in April, versus \$0.8B into US-listed exposures. US-listed flows into European equities have tilted towards large caps, while domestic investors have favoured cyclical exposures – the pickup in small caps seen in March continued into April (\$0.4B), while European financials also saw inflows of \$0.6B.

Japanese equity flows also picked up in April, with \$6.9B added – the highest level since June 2023 – off the back of a rise in US- (\$0.7B) and EMEA-listed flows (\$1.3B). This takes non-APAC buying of Japanese equities to \$7.1B YTD.

International love?

Monthly flows into European equity ETPs, split by listing region, January 2023–April 2024

All figures in US Dollars unless stated otherwise. Risk warnings

Capital at risk. The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

Past performance is not a reliable indicator of current or future results and should not be the sole factor of consideration when selecting a product or strategy.

Changes in the rates of exchange between currencies may cause the value of investments to diminish or increase. Fluctuation may be particularly marked in the case of a higher volatility fund and the value of an investment may fall suddenly and substantially. Levels and basis of taxation may change from time to time.

The Materials must not be publicly distributed and any use of the Materials by anyone other than the addressee is not authorized. The addressee is required to comply with all applicable laws in the Jurisdiction, including, without limitation, tax laws and exchange control regulations, if any.

For investors in the Caribbean, any funds mentioned or inferred in this material have not been registered under the provisions of the Investment Funds Act of 2003 of the Bahamas, nor have they been registered with the securities regulators of Bermuda, Dominica, the Cayman Islands, the British Virgin Islands, Grenada, Trinidad & Tobago or any jurisdiction in the Organisation of Eastern Caribbean States, and thus, may not be publicly offered in any such jurisdiction. The shares of any fund mentioned herein may only be marketed in Bermuda by or on behalf of the fund or fund manager only in compliance with the provision of the Investment Business Act 2003 of Bermuda and the Companies Act of 1981. Engaging in marketing, offering or selling any fund from within the Cayman Islands to persons or entities in the Cayman Islands may be deemed carrying on business in the Cayman Islands. As a non-Cayman Islands person, BlackRock may not carry on or engage in any trade or business unless it properly registers and obtains a license for such activities in accordance with the applicable Cayman Islands law. In the Dominican Republic, any securities mentioned or inferred in this material may

only be offered in a private character according to the laws of the Dominican Republic, falling beyond the scope of articles 1 numeral (31), 46 et al of Law 249-17 dated 19 December 2017, as amended and its Regulations. Since no governmental authorizations are required in such offering, any “securities” mentioned or inferred in this material have not been and will not be registered with the Stock Market Superintendency of the Dominican Republic (Superintendencia de Mercado de Valores de la República Dominicana), and these “securities” may only be circulated, offered and sold in the Dominican Republic in a private manner based on the criteria established under Dominican laws and regulations.

For Offshore Wealth Investors, for institutional investors and financial intermediaries only (not for public distribution). The information contained herein is for informational purposes only and is not intended to be relied upon as a forecast, research or investment advice, and is not a recommendation, offer or solicitation to buy or sell any securities or to adopt any investment strategy. An assessment should be made as to whether the information is appropriate for you having regard to your objectives, financial situation, and needs.

This information does not consider the investment objectives, risk tolerance, or the financial circumstances of any specific investor. This information does not replace the obligation of financial advisor to apply his/her best judgment in making investment decisions or investment recommendations.

This material is restricted to distribution to non-U.S. Persons outside the United States within the meaning of Regulation S under the U.S. Securities Act of 1933, as amended (the “Securities Act”). Any securities described herein may not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction and may not be offered, sold, pledged or otherwise transferred except to persons outside the U.S. in accordance with Regulation S under the Securities Act pursuant to the terms of such securities. In particular, any UCITS funds mentioned herein are not available to investors in the U.S. and this material cannot be construed as an offer of any UCITS fund to any investor in the U.S.

Any research in this document has been procured and may have been acted on by BlackRock for its own purpose. The results of such research are being made available only incidentally. The views expressed do not constitute investment or any other advice and are subject to change. They do not necessarily reflect the views of any company in the BlackRock Group or any part thereof and no assurances are made as to their accuracy.

This document is for information purposes only and does not constitute an offer or invitation to anyone to invest in any BlackRock funds and has not been prepared in connection with any such offer.
